

POW!

In literacy we will be writing all about ourselves to get back into the swing of writing! We will then move onto diary entries, taking inspiration from Anne Frank. After experiencing a WW2 day we will incorporate everything we know into a non-chronological report!

In Numeracy we will be learning to read, write and compare real life numbers up to 100,000,000! We will also be working on our efficiency and accuracy when rounding, adding and subtracting. We will apply of these skills into real life contexts.

In Science we will focus our learning on light! We will investigate light and refractions. We will link this with our maths learning by measuring the angles of the light created!

In Computing we will be using PurpleMash to learn all about binary code. We will learn that about how binary represents 1s and 0s and these represent the on and off electrical states.

WAR

In PSHE we will be learning how to respond to feelings in others and how our bodies show feelings. We will also look at different types of relationships -moving from friendships and families as children into adult relationships.

In History we will be learning all about World War 2. We will delve into the Battle of Britain, discuss similarities and differences between Churchill and Hitler, experience a WW2 day and taste food made from rationed ingredients.

In PE we will be learning:

Indoors: Fitness circuits to develop stamina and raise our heart rates!

Outdoor: Invasion games and tag rugby.

In Art we will be creating silhouette water colour paintings based on soldiers in the battlefield. We will also practice our needlework and stitching skills to create poppies made out of different materials!

In MFL we will be focusing on developing our French. In the first time we will recap key vocabulary: numbers, colours, days and months, simple greetings, before moving on to weather and pocket money.

Our Core Values

Class rules
Cooperation
Honesty

In Geography we will be learning all about the countries involved in World War 2. We will identify the Allies and Axis power on maps of Europe, explore where key events took place and why location impacted certain decisions!
