Dear Parent / Carer,

Due to the government restrictions on the movement of all individuals due to coronavirus we are no longer able to provide your child with a free school meal. As an alternative we are therefore providing you with a supermarket voucher for Tesco to cover the days when your child would normally receive a meal at school.

The details of your first voucher are provided below, together with instructions on what to do next. This voucher has a value of £18 to cover the period since the last free school meal was provided (24th March) through to 3rd April inclusive.

In order to access your digital voucher please follow the steps below.

Step 1: Please click on the internet link below

A website link will be sent to you shortly via Groupcall.

Step 2: You will be asked to enter a 'challenge code'

Please enter the challenge code the link you are sent. This will arrive shortly via Groupcall.

Step 3: After entering the challenge code you will receive the online digital gift card

You will need to show this digital gift card on your mobile phone or other device at the supermarket checkout when paying for your shopping.

Other points to note:

- The digital gift card does not need to be spent in one transaction. Any unused element can be spent in another visit
- The digital gift card is valid for 5 years
- The digital gift card cannot be used at petrol stations, or at shops within a petrol station
- If you have any queries with your digital gift card whilst in store please speak to a member of Tesco staff in the first instance. If after this you have further queries please contact admin@bishopcreightonacademy.org

Thank you for working with us as we meet the challenges of the coronavirus.

Kind regards

V Redhead
Principal
