Pupil premium strategy statement

This statement details our academy's use of pupil premium (and recovery premium for the 2024 to 2025 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

We will endeavour in 2024 25, to use the pupil premium funding to improve provision, accelerate progress and raise standards of attainment for as many pupils as possible.

From 1 September 2024 – 31 August 2025, we are forecasting £116,140 of Pupil Premium funding based £1,345 per primary-aged pupil.

Specific objectives for the use of Pupil Premium funding at Bishop Creighton include;

- End of Key Stage 2: Increase the % of disadvantaged pupils achieving age related standards– rapidly diminish the difference to national
- End of Key Stage 1: Ensure no difference in attainment between disadvantaged pupils and their peers, all groups to be in line with national
- End of EYFS Ensure no difference in attainment between disadvantaged pupils and their peers, all groups to be in line with national
- Year 1 Phonics Screen: Ensure no gaps in attainment between disadvantaged pupils and their peers - all groups to be in line with national
- All year groups: ensure progress and attainment for disadvantaged pupils is in line with peers
- Provide target intervention for vulnerable pupils across the academy who are at risk of falling behind, identified as making slower progress or those who are identified as more able
- Provide targeted intervention and tutoring for pupils in Key Stage Two to ensure they are secondary ready
- Provide additional support to pupils with barriers to learning
- Ensure attendance for disadvantaged pupils is in line and/or above peers

As an Academy, although raising standards is our priority, we also subscribe fully to the vision and ethos of “Your Character Counts”; a strategy aimed at developing the Characteristics and Personal Capabilities of GAT Children and Young People”. The aim of the strategy is ultimately to ensure outstanding progress for all pupils, regardless of starting points and disadvantage, through the development of academic rigour, alongside personal capabilities. At the core of the strategy is the development of self-worth and self-belief.

We hold the view that all our pupils have the potential to acquire the essential personal capabilities and positive characteristics to be successful. These are innate but both social disadvantage and low aspiration in the home mean that many of our pupils enter our academy missing the early opportunities to develop these essential attributes; many of our pupils are multiple-disadvantaged.

We also hold the view that from the moment a child enters our academy, we have a responsibility to nurture and develop her/him through both academic rigour and the building of character so that each person can be successful in life, breaking the cycle of disadvantage within our communities. We must ensure that pupils develop, independently, a range of attitudes and characteristics that will define them as positive individuals willing to contribute constructively to society.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Disadvantaged pupil's basic skills are low on entry - shown by RBA data and in year admissions
2	Attainment at the end of Key Stage 2 remains slightly below national for disadvantaged pupils despite upward trend
3	71.3% of pupils have English as an additional language. There are currently 38 home languages spoken across the academy
4	High levels of mobility
5	Some pupils impacted upon by school closures and pandemic
6	Disadvantaged pupils have better rates of attendance than their peers, both in the academy and compared to national (2021 22 published data)
7	Limited parental support for some disadvantaged pupils. Parental levels of English are limited.
8	Other contextual challenges connected to the academy's locality

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>Ensure no difference between disadvantaged pupils and their peers</p> <p>Ensure disadvantaged pupils achieve in line with national/ show rapidly diminishing difference to national in all key performance indicators</p>	<p>Academy data shows no significant difference between disadvantaged pupils and their peers in Reading, Writing Maths, GPS and combined measures</p> <p>GLD – No significant difference between disadvantaged and peers. Difference to national closing.</p> <p>Year 1 Phonics Screen – Disadvantaged in line with national</p> <p>End KS1 & KS2 - No significant differences between disadvantaged and peers. In line with national</p>
<p>Increased levels of basic skills, with a particular focus on accelerated progress in phonics and reading</p>	<p>Accelerated reader (KS2) and Bug Club Phonics programme (KS1) shows disadvantaged pupils making progress in line with/above that of their peers in reading, thus impacting upon other curriculum areas</p>
<p>Increased attendance rates for pupils eligible for PP.</p>	<p>Overall attendance rates for disadvantaged pupils in line with peers</p> <p>Attendance for disadvantaged pupils improved on previous year and shows upward trend</p> <p>Number of persistent absentees amongst pupils eligible for Pupil premium reduced</p>
<p>Increased parental engagement</p>	<p>Needs of disadvantaged pupils better understood. Range of strategies in place and proving effective in better engaging parents of disadvantaged pupils.</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 60,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Part Fund access to online personalised learning programmes	Online programmes provide personalised learning	1, 2, 3, 4, 5, 7
Professional development for all staff to improve quality first teaching linked to AIP (academy improvement plan) priorities	EEF states high quality teaching crucial aspect in supporting disadvantaged pupils effectively utilising professional development on evidence based approaches + mentoring and coaching	1 – 8
Additional professional development for teachers in how to best meet the needs of disadvantaged pupils - engagement in action research linked to PP pupils by class	The academy believes in the use of research as a powerful tool for professional development. Research will be used as a vehicle to help us better understand the needs of PP pupils to ensure provision is appropriate and effective	1 – 8
Part Fund training & mentoring costs for ECTs	Recruitment & retention is challenging. High quality support is crucial in ensuring early career teachers develop strongly and are able to support PP pupils effectively	1 – 8
Fund accessed to PiXL programme – provided all class teachers with supporting resources to address gaps in pupils knowledge	PiXL supports academic excellence, providing our teachers with a wealth of classroom strategies and resources and opportunities to collaborate with other teachers, school leaders and specialists at regular conferences to share ideas and support. Use of PIXL therapies show significant impact Link here: https://www.pixl.org.uk/	1, 2, 3, 7
Part fund additional, intervention teaching	Our most skilled teachers & leaders will provide support in our key year groups. EEF research states that additional smaller group support can be effectively targeted at pupils from disadvantaged backgrounds	1, 2, 3, 4, 5, 6, 7

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 30,530

Activity	Evidence that supports this approach	Challenge number(s) addressed
Additional intervention teaching in Years 3-5	We know our teachers are best placed to deliver interventions as they understand their pupils needs best. EEF research states that additional small group support can be effectively targeted at pupils from disadvantaged backgrounds	1, 2, 3
Additional Learning Assistant hours to deliver targeted interventions across the academy	EEF states teaching assistants can provide a large positive impact on learner outcomes, however, how they are deployed is key. Targeted deployment, where teaching assistants are trained to deliver an intervention to small groups or individuals has a higher impact. This will include the delivery of phonics support to catch up those pupils fallen behind – Project X Code in Year 3 Link here: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/teaching-assistant-interventions	1, 2, 3, 5
Deliver School Led Tutoring programme to PP pupil - 50% funding costs	EEF research states that additional small group support can be effectively targeted at pupils from disadvantaged backgrounds, and should be considered as part of a school's pupil premium strategy. Frequent sessions, three times a week or so, lasting up to an hour over about 10 weeks typically show the greatest impact <u>Link here:</u> https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition	1, 2, 3, 5
Deliver School Led Tutoring programme to PP pupil - 50% top up	(see above)	1, 2, 3, 5

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ **28,700**

Activity	Evidence that supports this approach	Challenge number(s) addressed
Summer Camp for PP pupils	This strategy has proven effective in past experience. Ensuring that children do not fall behind during lengthy holidays. Also, provision for any disadvantaged pupil at risk of becoming involved in antisocial behaviour over Summer holidays	8
Part Fund Learning Mentor & DSL to support vulnerable and disadvantaged pupils & their families, including improving attendance	Pupils with barriers to learning often require individualised programmes of support. Specific programmes matched to need that have previously proven effective	6, 7, 8
Part fund trips for PP pupils	Although raising standards is our priority, we also believe that primary education is about care, compassion and exciting learning opportunities. With this in mind, we have also used some pupil premium to support enhancing these areas for children	7, 8
Additional YDP Motivational Interventions - Boxercise & DanceFit for targeted PP pupils	Pupils engage well with this provider and sport in general. We believe good physical & mental health is vital for our PP pupils. We are keen to develop the personal capabilities of our PP pupils – self belief/self worth/resilience so that they can be successful in life, breaking the cycle of disadvantage within our communities	7, 8
Part fund uniform all pupils in EYFS + spare for PP pupils	We believe uniform creates a sense of belonging and pride. No child should be 'disadvantaged' because of home circumstance. EEF states wearing a uniform is not, on its own, likely to improve learning, it can be successfully incorporated into a broader school improvement process which includes the development of a school ethos and the improvement of behaviour and discipline	7, 8
Family Hub	We wish to ensure that disadvantaged pupils with barriers to learning are appropriately supported, this includes focused work with families as appropriate. EEF states that Parental engagement approaches are typically delivered over the course an academic year, as building effective relationships between school and	6, 7, 8

	parents requires a sustained effort over an extended period of time Link here: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/parental-engagement	
Part Fund programme of Character development – to include Aim a little higher, Superhero programme & careers related experiences	Our careers & employability programme developed to broaden pupils horizons and ensure ready for future lives, aim to raise aspirations linked to attainments and open eyes to possible career paths/further education. EEF states that to maximise the effectiveness of aspiration interventions our approach should link to/include a significant academic component and avoids raising aspirations in isolation. We also aim to challenge the generalisations that can sometimes surround aspirations in disadvantaged communities Link here: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/aspiration-interventions	8
Miscellaneous support to PP families experiencing difficulty	Our pupils must feel happy, safe and secure if we expect standards to rise. No child should be 'disadvantaged' because of home circumstance	6, 7, 8

Total budgeted cost: £ 119,230
